

POLISH LASER NETWORK

POLLASNET

WORKSHOP

***Laser and Optical Technologies –
Implementation in Industry and SME's***

WARSAW, 11-12 December 2006

PARTICIPANTS

**Prof. Jose Luis OCANA – director of Laser Centre, Dept. Laser Physics,
coordinator - EULASNET II, Madrid, Spain**

Mr Manfred Reinhold BERGER – managing director II-VI Deutschland GmbH

**Prof. Aleksandr DEMENTIEV – Institute of Physics, Vilnius, Lithuania,
coordinator - LITHLASNET**

**Dr. Filip MOTMANS – VITO, Laser Centre Flanders, Belgium,
coordinator – BELASNET**

Mr Michael DUKA – sales director for Central Europe, SPI Lasers UK Ltd

Dr Jozef FARNY – Handwerkskammer für Oberfranken, Germany

PARTICIPANTS

Prof. Ludwik POKORA – president of CTL LASERINSTRUMENTS, Warsaw

Prof. Michał LESZCZYŃSKI (board of supervisors) – TOPGAN Co., Warsaw

Dr Konstanty DONIMIRKSI (marketing)

Dr Adam CENIAN – IMPLASER Co., Gdańsk

Mr Krzysztof ŁEBKOWSKI – Polish Federation of Eng. Associations (NOT)

Dr Maria ANTOSIK – Marshal's Office of Mazovian Voivodeship

Mr Marcin POSTAWKA

Mr Jerzy TOKARSKI – Ministry of Science and Higher Education

EUREKA NCP

Dr Piotr DUMANIA – Institute of Electron Technology, Warsaw

MNT ERA – NET coordinator

PARTICIPANTS

Dr Marek DASZKIEWICZ – director **Institute of Applied Optics, Warsaw**

Dr Jacek GALAS – deputy director

Dr Dariusz LITWIN

Dr Ryszard WODNICKI - SOLARIS OPTICS S.A.

Mr Tadeusz ŻERO – Institute of Electronic Materials Technology

Dr Włodzimierz ZOWCZAK – Centre of Laser Technologies of Metals,
Kielce University of Technology

Mr Bartłomiej BIAŁKOWSKI – Institute of Physical Chemistry PAS

Mr Yuriy STEPANENKO

Prof. Dionizy BIAŁO – Faculty of Mechatronics, WTU

Dr Zygmunt SOKOŁOWSKI

Mr Wojciech FALIŃSKI – Tele & Radio Research Institute, Warsaw

PARTICIPANTS

MILITARY UNIVERSITY OF TECHNOLOGY

Dr Zygmunt MIERCZYK – pro-rector

Dr Krzysztof KOPCZYŃSKI – deputy commandant of Fac. Military Techn.

Dr Henryk FIEDOROWICZ – director of Institute of Optoelectronics

POLLASNET (Institute of Optoelectronics):

Dr Marek Strzelec

Dr Zbigniew PATRON

Dr Jan MARCZAK

Dr Wojciech SKRZECZANOWSKI

MAIN SESSIONS

1. Laser technologies for SMEs and Industry (*Background*)

The first session should tell us about production and situation in European and Polish laser companies. Especially about the connections between the science and industry.

2. Prospects of laser technologies applications. (*The future of laser*)

New trends in laser technique, more efficient lasers and new area of application of laser technology.

3. Support organizations for optoelectronics development (*Support and conclusions*)

What can we do to improve our production?

To make it more innovative, more effective and at the end more competitive?

Might the clusters answer for this question?

VISITS

TOPGAN - spin-off company

CTL LASERINSTRUMENTS - private company

Institute of Optoelectronics MUT
